Main Inside Heading

A peek into the world of your baby.

Scanning babies for 20+ years

We utilize state of the art technology and have a combined experience of 40+ years of Ultrasound experience. All exams include a report by a board certified Radiologist. This combined with a comfortable private setting make for a unique and very satisfying scan of your baby. We have very spacious and comfortable scanning rooms with room for family and friends to

Medical Information

Although this is not a medical diagnostic scan we still do a series of measurements, heart rate, and position. We can in most cases assist you in determining the sex of your child if you so desire. All of our packages include a radiologist report sent to your doctor with in days of your scan.

Our guarantee

Unlike 2D standard ultrasound that you may have at your doctor's office we guarantee that you will be able to see and determine many features of your baby as seen on this pamphlet.

Special Offer

As a special offer we will provide you with a multi visit package that allow you to view the miraculous changes from the womb as your baby grows.
